Creative **OUTLIER®** - Wireless **Bone Conduction** Headphones with Adjustable Transducers.

Bone conduction technology, which transmits sound directly to your inner ear bones through vibrations in your temporal bones.

Coupled with adjustable transducers and an open-ear design, maximize sound conduction efficiency and enjoy every beat, all while still staying fully aware of your surroundings.

IPX5 water resistant rating, the Creative Outlier Free+ is sweatproof and splash-proof, allowing you to confidently focus on your fitness goals without worry.

Outlier Free Pro+ is designed to accompany you through all kinds of activities and weather - rain, splash, **swim**, and more!

Protected against submersion in freshwater up to a depth of 1.5m for up to 40 minutes. IPX8 rating does not include submersion in salt water or liquids with similar properties.
